Superior General To Receive Honorary Degree

by Paul Couture

Very Rev. Jeremiah T. Purtill, SSE, superior general of the Society of St. Edmund, has been selected to be Baccalaurate speaker and to receive the honorary degree of Doctor of Laws.

The Superior General of the Society of Saint Edmund is pictured on the left during a recent visit with Pope John XVII in Rome. Mission Director, Very Rev. Eymard Galligan is on the right.

On June 5, he will speak to the 140 graduates in the Cathedral of the Immaculate Conception, and will receive his honorary degree the following morning at the 57th Commencement of St. Michael's in Burlington's Memorial Auditorium. Announcement of the degree was made by St. Michael's president, Very Rev. Gerald E. Dupont, SSE.

Father Purtill has been superior general of the Society of St. Edmund in this country, Canada, France and England for the past 14 years.

The first American to head the Edmundites since their founding in 1843, Fr. Purtill is a native of Westerly, R.I. and a graduate of St. Michael's College. He received his Master's degree from Notre Dame University and his Doctorate in Philosophy from the University of Ottawa.

He was ordained at Burlington, Vt., May 27, 1933, is a former Academic Dean of St. Michael's College, and also a former novice master for the Society.

Players Inc. Will Return

Players Incorporated will return to St. Michael's Playhouse for their 10th year to begin a six week season from July 5 to August 13.

Now in Europe for their seventh tour overseas, Players will be one of the features of the 21st Summer Session at St. Michael's. The college has operated a summer theater since 1947.

Founded by Rev. Gilbert V. Hartke, O.P., chairman of the Speech and Drama department of The Catholic University of America, Players also operate the Olney Playhouse in Maryland.

The company is made up of graduate students and alumni who also double as faculty for the apprentices.

Ground Breaking For Fourth Dorm Planned For Jan. 1961

A dream will become a reality soon, with the recent announcement by Very Reverend Gerald E. Dupont, S.S.E., President of St. Michael's, the ground will be broken next January for the fourth dormitory in the quadrangle.

Father Dupont made this announcement during his whirlwind tour of the Eastern Seaboard in which he visited 12 Eastern cities, beginning April 25 at Boston and ending May 9 in Burlington.

During his recent tour, Father Dupont reported to alumni, and friends of the college on the progress of the five million dollar development fund undertaken by St. Michael's.

The construction of the new dorm will mean that the quadrangle consisting of Alumni Hall, Ryan Hall, Lyons Hall, and the new dormitory will have been completed in a little more than a decade. Lyons Hall, a dormitory for 215 more students, is nearing completion and it is expected to house the New York Giants this summer.

ST. MICHAEL'S PLAN

Fr. Dupont, under whose direction the college inaugurated its noted "St. Michael's Plan" for integrating the liberal arts, was academic dean for 12 years before becoming President in 1958.

A native of Providence, R.I., Father Dupont earned his bachelor's degree at St. Michael's his master's degree at the University of Toronto and his doctoral degree at the University of Montreal.

Parents Weekend To End Sunday With ROTC Review

At the annual review of the Air Force ROTC cadets of St. Michael's College, 18 individual awards will be made Sunday, May 8, at 1:30. In addition, participation medals will be conferred on members of the New England championship drill team, the New England championship rifle team and the MARS club. The drill team will give a demonstration.

Announcement of the awards was made today by Lt. Col. Wiley M. Bondurant, professor of Air Science at St. Michael's. The review Sunday will be Col. Bondurant's final ceremony since he leaves for a Pentagon assignment next month.

Also taking the review will be Governor Robert T. Stafford, Brig. Gen. Perry M. Hoisington, II, of the Plattsburgh SAC Base, and St. Michael's president, Very Rev. Gerald E. Dupont, SSE. The review will be the final event of Parents' Weekend. It is also the feast of St. Michael.

The Final Revue of the year will take place on Sunday of Parents Weekend. This is the schedule to be followed by the cadets for the revue.

1. Formation of the Cadet Wing for Review.
2. Inspection of the Wing.
3. Presentation of the Awards.
4. Demonstration of the Drill Team, Four time N.E. Champions (Unarmed Division), won at Hartford, Connecticut, 1957-58-59, and at Westover AFB, Massachusetts in 1960.
5. Review of the Cadet Wing.

Sinnott Elected Commanding Officer At Arnold Air Society Meeting Thursday

At a meeting of the Arnold Air Society held Thursday, May 5, officers were elected for next year. Among those elected were: Jack Sinnott, Commanding Officer replacing Edward Goyette; Kevin Bergen, Executive Officer and Chairman of the military weekend; Carl Denisio, Comptroller; Roger Plasse, Information Service Officer; Donald Crummey, Adjutant Recorder; Hugh McColl, Operations Training Officer, and Insurance Officer, Dennis Moss.

Edward Goyette and Jack Sinnott represented St. Michael's Arnold Air Society at a four-day national conclave held in Florida, April 29.

The purpose of the conclave, an annual affair, is to discuss problems that have arisen in the society. The forthcoming conclave has as its main topic of discussion the possibility of the affiliation between the Air Force Academy and the Arnold Air Society. The national policies for the coming year, the selection of a national commander and staff, and a new location of the national headquarters will be decided. Inter-area activities will be also discussed and co-ordinated in order to avoid unnecessary overlapping of area work.

Jack Sinnott caught unpacking after his trip to Florida with the Arnold Air Society.

A more recent conclave was held in Boston April 1-3, at which 15 members of the society attended along with other squadron members of Area "A". This conclave met to decide on a course of action to be followed by Area "A" at the national conclave in Florida, to discuss any squadron problems and to select area headquarters for the following year.

With another year concluding for the Arnold Air Society, new candidates will be initiated to fill the vacancies which will be left by the graduating members of the society.

Dr. Durick To Run Summer Session Of 350 Students

The 22nd summer session of St. Michael's College will be conducted for men and women June 27 to August 5. Dr. Jeremiah K. Durick will serve as director as he has since 1939.

Some 350 students are expected from countries as far as Brazil for the 56 courses. A total of 31 teachers is listed in the new catalog for the six week session.

M.A. DEGREES

In addition to undergraduate courses, St. Michael's offers graduate courses leading to the Master of Arts degree in English, French, History, Latin and Sociology.

Other graduate programs lead to the Master of Arts in Teaching in a combination of courses in Education and various fields of Secondary school subject matter. Visiting teachers will join the regular faculty.

GIANTS HERE AGAIN

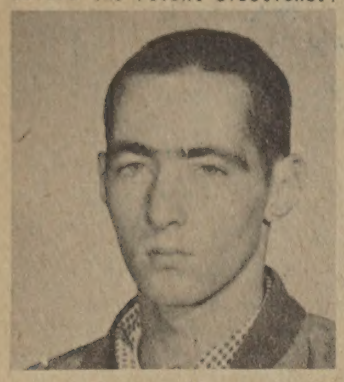
A guidance Institute, summer Leadership courses for the Confraternity of Christian Doctrine, and a Teachers' Institute in the program of English for Foreign Students will be other features of the summer session.

St. Michael's playhouse and the training camp for the New York football Giants are among the popular recreational attractions on campus.

Inquiring Photographer

by Joe Rowan

What do you think are the mandatory requirements of a student who is seeding to represent his class in the Student Council? (Asked only of Freshmen and Sophomore candidates before the recent elections.)



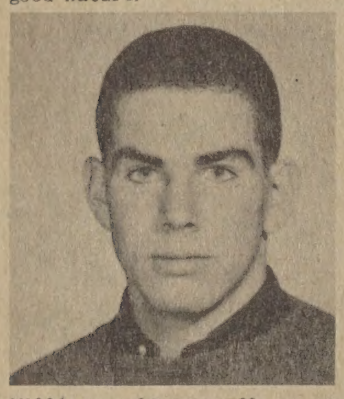
Joseph Hogan, Class of '63
Springfield, Massachusetts

"I feel that the most important factor in running in a class election is the manner in which you conduct your campaign. I feel it necessary to make an effort to visit all of the students of the class and get to know all of them personally. You must show a deep interest in the welfare of the class and convince the voters that you are the man for the job and will do it if you are elected. You must be able to answer anything about your party and, of course, take the ribbing you will get in good nature."

Robert McGee, Class of '62
Milford, Massachusetts

I do not believe that the selection of a candidate is dependent on one dominant factor; but more or less a composite of reasons determines his eventual fate in the election. Among the factors weighing heavily are: personality, poise, intelligence, ambition, stick to improve his own class.

The candidate's previous accomplishments are also employed as a criteria of his worthiness for holding office.



William Helfrich, Class of '63 Quincy, Massachusetts

Unquestionably, the most significant factor in campaigning for a successful election is integrity, for it is essential that the candidate be uncorruptible to an organization or to his own standards. Closely affiliated to his element is the nominee's capability in fulfilling his position. The candidate possessing these qualities, with the appropriate promotion, will most assuredly be victorious.

Pre-Registration Instructions

Sophomores and Juniors

Pre-registration will take place beginning May 9 and ending May 13. Procedure is as follows:

1. Make an appointment with your Adviser.
2. Prior to your appointment hour, go to the Treasurer's Office. There you will be provided with a white pre-registration sheet.
3. Pre-register with Adviser at appointed hour.
4. All students, residents or not, must also pre-register with the Dean of Men. The schedule is as follows:

Juniors:
Monday and Tuesday, May 9-10
Sophomores:
Wednesday, May 11
Freshmen:
Thursday and Friday, May 12-13

N.B. MAKE PRE-REGISTRATION APPOINTMENTS EARLY. LATE PRE-REGISTRATION FOR WHATEVER REASON CARRIES A $10.00 PENALTY FEE.

Dear Sir:

In reference to James S. Smith's article on Lawrence Ferlinghetti in the MICHAELMAN of April 9 -

1) Who is James S. Smith?

2) Was the article intended as a report or as an editorial?

3) I am not clear as to what Mr. Smith means for us to understand by the term "vulgar valedictorian".

4) There is some doubt in my mind as to how familiar Mr. Smith is with either the poems of Mr. Ferlinghetti or a Thesaurus as the two appear similar only in that they both use the English language.

5) I felt sure that Socrates had resolved for all time the correctness of terming man a featherless biped.

6) Mr. Smith asks "is there any doubt as to our shrinking moral fiber". There are, in my mind, serious doubts as to our (mankind's) shrinking moral fiber. Perhaps by his use of the word "our" Mr. Smith wishes to include himself in the minority that Mr. Ferlinghetti represents. If this be the case, all well and good. For myself, I decline, with thanks.

Respectfully,
Michael Fitzsimons

FLYING CLUB TO MEET MONDAY

There will be a meeting of all freshmen and sophomores interested in joining the SMC FLYING CLUB in College Hall 28 on Monday evening May 9, at 7:30. Next year's operations will be discussed. Membership in the student program leads to a private pilot's license. All interested freshmen and sophomores are invited to attend.

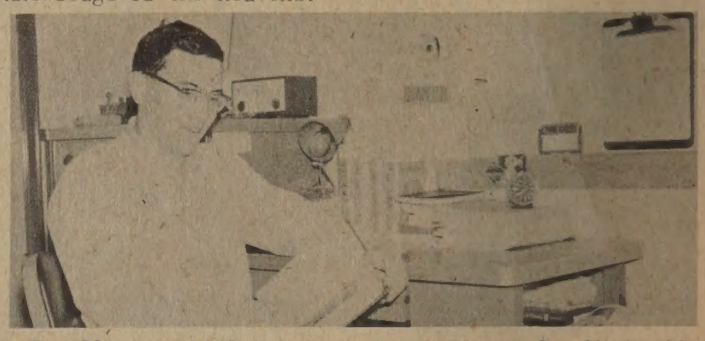
A LOOK TO THE SKY

by Maurice R. Rivard

If you are awakened by the sun in the morning, how would you like to be awakened by the stars? Just ask Dave Bryan a native of Newbury, Vermont and a Sophomore at St. Michael's.

When America's newest satellite, Tiros L swept over Burlington's cloudy skies, Dave was up every hour and forty-five minutes in vain hope of catching a glimpse of the fast moving star-like speck.

DAVE BRYAN's interest in Astronomy began at the early age of nine, when his boyhood friend Dan Cass, introduced him to astronomy. This led to an avid absorption of all astronomical books that the young science enthusiasts could get his hands on. Since Dave learned the basic scientific facts prior to becoming acquainted with the constellations themselves, he advises any budding astronomers to begin the right way with a practical knowledge of the heavens.



The 20 year old Chemistry major while at St. Michael's has at his disposal the twelve and one half inch mirror of the Holcomb Observatory. Recently, some photographs of the stars were taken with mediocre results due to what Dave says if "Burlington's unusual number of clouds.

According to the Newbury native, an amature astronomer can contribute much to the science world by his observations of variable stars which fluctuate in brightness, meteors or shooting stars, minor planets, occulations which eclipses of stars by the moon and numerous comets, some of which have been discovered by amateurs. Northern lights which have unusually active of late and observed by Dave during the past few weeks are believed to be caused by the glow of ionized gases following magnetic storms on the sun.

During the coming summer, Dave plans to do some observations with some of his small telescopes while working for the town of Newbury. He will stay at home with his mother one sister and a brother who is a Freshman here at St. Michael's. Dave's father works for the United States Foreign Department, but is at present stationed in the United States.

Did you know that beer had a religious connotation in Babylonian days? And that women brewers were actually temple priestesses, reserving some types of beer for certain temple ceremonies? *Did you know* that the ancient Egyptians' abhorrence of drunkenness inspired the brewing of beer as a beverage of moderation? *Did you know* that Rameses III esteemed beer so highly that he sacrificed 30,000 gallons a year to the gods?

Did you know . . . the best way to satisfy your beer thirst quick is to knock, knock for Knick! Smooth and frosty-dry, that's why! Knickerbocker—the quenchingest taste in town!

RUPPERT
Knickerbocker
First in sales because it's first in taste!
JACOB RUPPERT, N.Y.C.

English Professors End Itinerary In E. Canada

An 800 mile, 10 day trip by two St. Michael's professors throughout Eastern Canada and touching five major Canadian cities resulted in over 100 interviews and 25 registrations for St. Michael's English for Foreign Students' program.

Mr. Ernest A. Boulay and Mr. Eugene O'Neill completed their tour on Monday, April 11, after stopping off for talks at Chicoutimi, Quebec, Victoriaville, St. Hyacinth, and Montreal.

The purpose of the annual spring journey is to acquaint Canadian students with the opportunities offered by St. Michael's English Department for Foreign Students and interview all students who are interested in the eight weeks' summer program. Many teachers of English will come to the SMC Institute.

In Canada, as in other countries, students learn of St. Michael's foreign student program through alumni in the various cities and alsothrough American counsuls in the various countries.

A highlight of last year's tour occurred at Quebec Academy when the two professors were chosen as judges for an English debate at the Canadian academy.

Besides the 45 Canadian students expected for the summer session, a new group of Brazilians are due to arrive in the latter part of June headed by Dr. Azeredo. The Brazilian professor who has led groups into the United States for the past eleven years was also the coordinator for the group that left in February.

Pol. Science To Be Called Government

Political Science is going to be called Government next year at St. Michael's College.

Dr. Robert C. Spence, chairman of the Government department, has a ready explanation for the change in the new catalog.

"Before I was elected to the Vermont Senate, I was certain it was a science. Having served there I discovered it's also an art. Besides, government is a more graphic term to cover both the science and the art".

Father Dupont Touring Cities Of Eastern Seaboard

by Phillip J. Lagoy

Very Rev. Gerald E. Dupont, SSE, president of St. Michael's College, is now making his annual tour to many eastern cities for the President's Dinner. This year his tour will take him as far south as Washington, D.C.

Fr. Dupont opened his tour in Boston, on April 25, at the fifth annual President's Dinner. He outlined the noted "St. Michael's Plan" of expansion to the alumni and friends of the college at the dinner.

This will not be as much of an increase in quantity as in quality. By setting the enrollment at a constant figure of 1200 by 1970, it will mean that St. Michael's will be able to choose the cream of the crop among high school graduates.

He said, "In view of the expansion of the large universities, it seems inevitable that many small colleges will have to close their doors".

Fr. Dupont also stressed the fact that the small, private colleges are at the present competing with many large publicly supported universities, and are fighting for survival. But St. Michael's is looking to the future with "solidly based optimism. That is why we dare to build."

After speaking in Boston, Fr. Dupont spoke in Springfield, Worcester, Pittsfield, Westchester, Long Island, New Jersey, and Washington on successive nights.

Fr. Dupont spoke in New Haven on May 3, Hartford on May 4, and Burlington May 9. The series will close on May 10 in Albany.

Brig. General At Review Parents Wknd.

by John Fredette

The ranking officer at the ninth annual Air Force ROTC review to be held this Sunday as the climax to Parents' Weekend will be Brigadier General Perry M. Hoisington, II.

General Hoisington, who possesses a distinguished military record, is currently commanding the 820th Air Division at Plattsburgh.

During World War II he flew 22 combat missions as a member of B-29 units in the Chica-Burma-India theater of operations and in the Mariannas. He earned the Silver Star for gallantry in action in the Chica theater.

ATOMIC TEST

After serving on the operations staff of Allied Forces Southern Europe at Naples he was assigned to SAC as an Air Division commander at Lincoln AFB, Nebraska. Before coming to Plattsburgh in 1959 General Hoisington also commanded a air division at Westover AFB in Massachusetts.

General Hoesington will present awards to the deserving cadets during the afternoon review.

Singer offers summer employment with career opportunity for undergraduates and permanent career opportunities for graduates.

Unique employment opportunities with challenging possibilities, limited only by your ambition and ability, with a well established international organization, are available to graduates and undergraduates.

Employment can be arranged in one of the 1500 branches of the SINGER Sewing Machine Company near your home. Undergraduates gain valuable business experience while earning salary plus commission. Your potential abilities will be developed by our proven training program.

For personal interview, write, stating name and location of college, area of desired employment, course or major, and year of graduation, too:

AWARDS

1. MEDAL AWARDED IN MEMORY OF CHAPLAIN JOHN A. VERRET, SSE '35 USA - Medal awarded for continuous outstanding contributions in AFROTC training.

   TO - Cadet Lieutenant Colonel William F. Young.
   BY - The Very Reverend Gerald E. Dupont, SSE, President, St. Michael's College.

2. AIR FORCE ASSOCIATION MEDAL - medal awarded to the most outstanding cadet officer.

   TO - Cadet Colonel Ronald J. Holub
   BY - Mr. Thomas C. Stebbins, Past Regional Vice President Air Force Association.

3. THE AMERICAN LEGION PLAQUE AND MEDAL - awarded to the Cadet Commander of the Squadron receiving the highest efficiency rating 1959-1960.

   TO - Cadet Major Daniel J. Sherlock
   BY - Mr. Frank J. Bove, Commander, Burlington Post No. 2 and 1st Dist. Commander, Department of Vermont.

4. CHICAGO TRIBUNE AWARDS - Gold and Silver medals awarded for outstanding performance.
   GOLD

   TO - Cadet Lieutenant Colonel William Rooney, Administrative Cadet Captain Jerry P. Boisseau, Drill Team.

5. CONVAIR CADET AWARD FOR 1960 - Model Aircraft and Certificate to the outstanding Basic Cadet selected for the Advanced Course.

   TO - Cadet Technical Sergeant Peter A. Wursthorn.
   BY - Reverend James R. Coombs, SSE Dean of Men, St. Michael's College.

6. MILITARY ORDER OF THE LOYAL LEGION - medal awarded to the most outstanding senior cadet.

   TO - Cadet Major Edward R. Goyette.
   BY - Mr. Warren R. Austin, Jr., Commander of State of Vermont.

7. RESERVE OFFICERS ASSOCIATION AWARD - medal awarded to the most proficient Flight Commander.

   TO - Cadet Captain Hugh F. McColl.
   BY - Lieutenant Col. John Buchan.

8. SONS OF THE AMERICAN REVOLUTION - medals awarded to the outstanding cadet in each Basic Course academic year for character and leadership.
   TO - Cadet Technical Sergeant Francis A. Fluet, Sophomore.
   Cadet Airman David B. Downing, Freshman.
   BY - Mr. Harold F. Burroughs, Past President, Vermont.

9. THE VETERANS OF FOREIGN WARS PLAQUE AND MEDAL - awarded to the most proficient member of the Freshman Class.

   TO - Cadet Airman Patrick S. Bergin
   BY - Mr. Clarence Chagnon, Commander, Howard Plant Post No. 782.

10. NATIONAL DEFENSE TRANSPORTATION MEDAL

    TO - Cadet Lieutenant Colonel Norman J. Dame, Jr.
    BY -

11. PROFESSOR OF AIR SCIENCE RIFLE AWARD - trophy awarded to the outstanding cadet riflemen for 1959-60.

    TO- Cadet 2nd Lieutenant David K. O'Mara
    BY - Reverend Paul A. Morin, SSE, Academic Dean, St. Michael's College.

12. PROFESSOR OF AIR SCIENCE PROFICIENCY AWARDS - medals awarded to cadets of each academic year of the Basic Course for -
    GREATEST IMPROVEMENT DRILL
    TO - Cadet Technical Sergeant Joseph W. Cironi, Sophomore.
    Cadet Airman Laurenzo E. Todd, Freshman
    PROFICIENCY IN LEADERSHIP AND SCHOLASTIC ACHIEVEMENT.
    TO - Cadet Technical Sergeant James S. Van Wagenan, Sophomore
    Cadet Airman Patrick G. Boivert, Freshman
    BY - Captain Robert R. Wilkins.

13. THE PROFESSOR OF AIR SCIENCE DRILL TEAM AWARD - medal to the most proficient member of the Drill Team.

    TO - Cadet Technical Sergeant Richard F. LaGasse.
    BY - Captain Vernon D. Gores, Officer in Charge of the Drill Team.

14. FIRST ARMY AREA INTER-COLLEGIATE RIFLE AWARDS - medals awarded to each member of the winning Rifle Team, awarded by the National Board for the Promotion of Rifle Practice for 1st Place (Air Force) Area Competition.

    BY - Captain Louis A. Bernabo, Assistant Commandant of Cadets.

15. PARTICIPATION AWARDS - medals to individual members of the Band, Drill Team, Rifle Team, and MARS Club.

    BY - Band - Warrant Officer D. Gores, Officer in charge.

    MARS - Major Colin C. Rielly, Officer in Charge.

    RIFLE - Master Sergeant John H. Lucas, Non-Commissioned Officer in Charge.

ARNOLD AIR

A new program has been instituted this year in order to make acceptance into the society more difficult and to improve the quality of the society. This is a two week pledge program in which the 24 pledges now waiting for acceptance are under direct control of Society members. They will be voted upon and initiated after the Easter recess on the basis of this two week trial period.

All work and no play makes Johnny a dull boy, at least the Arnold Air Society believes, Wednesday, April 6, was their first annual Dining-In, a dinner which is widespread throughout the Air Force and has now been adopted by the Arnold Air Society. A custom borrowed from the RAF, its purpose is to promote fellowship among the members of an organization, in this case the Arnold Air Society. It affords the opportunity to enjoy an evening of companionship while at the same time remembering the ties of mutual respect and loyalty to each other and to the organization. A formal affair, it will be greatly looked forward to next year.

The Arnold Air Society wishes to express their deepest appreciation for the assistance given them by Captain Robert Wilkins, for outstanding aid in the capacity as adviser, and by Bill Rooney, who though not a member, helped them greatly. Both these gentlemen were awarded honorary memberships at the Dining-In ceremony Wednesday evening.

The largest known lobster is in the Boston Museum of Natural History. It measures 5½ feet long and weighs 40 lbs.

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team. U.S. Air Force

Cieplicki Named As New Basketball Coach At Rice

Bernie Cieplicki, former St. Michael's cage star, will take over the coaching reins at Rice Memorial High School this fall.

Cieplicki, a native of Jersey City, N.J., graduated from St. Michael's in '57 and did graduate work at M.I.T. for a year on a scholarship from Western Electric. He is presently employed by Western Union in Jersey City.

Besides being the head basketball coach at Rice, he will also serve as an assistant football coach and will teach Math.

While at St. Michael's, where he gained scholastic recognition as the winner of the Roger Keleher Scholar-Athlete award. He was the team's playmaker and had one of the finest long shots in St. Michael's history.

He holds the present SMC scoring record for the most points in a season, 1139. He played varsity baseball and served on the Student Council.

Turnout For Soccer Is Most Encouraging

The appeal to the student body for candidates for the soccer team was met by the surprising attendance of about 40 hopefuls early this week.

The meeting which was presided over by Dr. Citarella was almost evenly divided between members of the regular program, and foreign students on campus.

Dr. Citarella will not coach the team but will assist in organizing it.

A tenative team will be formed this month, and it is expected that St. Michael's will compete on the inter-collegiate level next fall, with such possible opponents as Norwich and Middlebury.

John Wyman, St. Michael's Senior, took 1st place in the Vermont State Ten Pin Tournament on last Thursday night at the Ethan Allen Bowling Center.

Wyman came up with a 662 triple and a high single game of 255. With his handicap of 30 pins he had a 752 triple and a high single of 255.

John's game of 285 was good for the WCAX high single game trophy. He also won $306.00 worth of cash prizes.

The Senior Champ next plans on entering the New England Championships at Providence,

Middlebury Belts Diamondmen, 14-9

The Middlebury College baseball team invaded the Winooski Park home of St. Michael's College Monday and won a hard fought, come from behind, victory over the Purple Knights, 14-9. Although the pitching was not of the highest calibre and the fielding was slightly less than spectacular, it was an interesting game to watch as a spectator; however, not nearly so exciting from the coaches viewpoint.

The Knights jumped on Ken Stone, the Panther starter, for 4 big runs in the first inning and it looked like the Markeymen were going to have an easy time of it. After Couture led off by grounding out, McCarthy got a life on an error by Middlebury's diminutive third sacker, Jim Clark.

Jim Martin then drove a triple to center, scoring McCarthy with the first run of the game. Then a single and triple in quick succession by Andrews and Carmody and a sacrifice fly by Bill Kelly finished the scoring for the inning and pretty well finished Mr. Stone. Dudley grounded out, third to first, for the third out.

PODRES KNOCKED OUT

Podres started for St. Mike's and Middlebury touched him for a run in the bottom of the second on two singles by Barenburg and Morse, a walk and a fly ball which Andrews lost in the sun for an error, a run scoring. Podres pitched out of the jam by tossing two groundout pitches around a walk.

From this point on the pitchers had it rough, with Podres being replaced by Lapine in the fourth and Wright taking over for Stone. The game went to 7-6, 9-7 and finally was tied 9-9 in the eighth. It was here in the eighth against Lapine and his successor Tony Belanger, that Middlebury, led by Barenburgh and Morse, iced the game by pushing over 4 runs. They scored once more in the ninth and the Knights were shut out by Wright over the last 2 innings.

Leading hitters for the Panther nine were Barenburgh and Morse with 4 for 5 and 3 for 4, respectively, McCarthy, who played heads up ball on defense, and Andrews cracked 2 hits apiece while big Dave Carmody went 3-5 with two triples and a single and hustled all the way behind the plate.

Juniors Take Interclass Softball Lead

Last week saw the opening of Interclass Softball play. The Juniors are showing strength and are setting the pace, combining slick hitting and fielding with some fine pitching from Al Wier.

"You-pick-'em" is the only way to sum up the rest of the league, with no team showing any dominant signs of holding onto second place.

Senior shortstop Joe Phelan looks good in the field and is hitting well; the Frosh have a stopper in hurler Bob Hoehl; Charlie Hart is hitting the long ball for the Sophs.

STANDINGS

Juniors	4-1
Sophs	2-3
Seniors	2-3
Frosh	2-3

Monday the Purple Knights' diamond crew fell to its second straight defeat in as many starts, this time at the hands of a not too much better Middlebury nine.

Coach Ed Markey rested his hopes for improving last year's dismal record in the hands of six returning veterans but to date the only inspiring play has come from "rookies", Dave (I'll hit it a mile) Carmody and Tom (Please fellas, just a little support?) Lapine. Carmody, St. Michael's own toy bulldog, sent the pellet into orbit twice Monday and has caused a Haywood Sullivan, Ed Sadowski catching problem on the Hilltop. Lapine is a much better pitcher than his 0-2 record indicates. Twirler Tom has been tagged with two losses because of costly miscues. With improved defenses, he may be the twirler to watch. The Knights must get over their attempt to open the Summer Playhouse early and stage a low cost production of the *Comedy of Errors* on the athletic field because it will be time for the boys from across the river pretty soon.

Sports in short . . . . Pete Griffin, St. Michael's latest contribution to the pro baseball loop, (and if you don't think there was a flock of them, ask Father Linnehan) will report to Raleigh, the Red Sox entry in the Carolina League. Leading the league, they are a little bit better off than the mother club in Beantown . . . . Warren "Lefty" Tessier is with Asheville in the Sally League (Class A). The versatile and ambidextrous grad has been switched to the keystone sack.

Twenty-five soccer aspirants reported to the first meeting. Doctor Citarella will try to lay the groundwork and insure its reality in the fall. If his aptness for coaching is at par with his teaching ability, listen up boosters, because the foundation will be strong and durable.

St. Lawrence University has signed Stan Mack as its new golf mentor. Mack, doubling as pro at the St. Lawrence Golf and Country Club, will try to better last year's mark of 0-9. S M C will face the Larrie Linksmen May 16 at the Queen City Country Club . . . . *Dan Mahoney, St. Michael's baseballer, sank the first hole-in-one at the Lincoln Country Club in Worcester, Mass., while home for Easter recess. A week later another linksmen turned the same trick on the same hole. Dan, you started a tradition.*

"Doc" Jacobs cites "Knowledge, background and desire" s three strong prerequisites for Bernie Cieplicki's new role as head hoop coach at Rice Memorial High School . . . . Dave Mracek, St. Michael's starring center of the '58-59 season, also hopes to return to the Green Mountain State in the teacher-coach role.

All East Basketball Poll Finds Wilkens On Top

Here are the results of an All East Basketball Poll of 50 college sports editors, taken by the Crusader, the student newspaper of Holy Cross. The figure in parenthesis after each selection indicates the number of first team votes garnered by each player out of a possible 50.

First team:

Len Wilkens (41) - Providence
Tom Sanders (40) - N.Y.U.
Tom Stith (34) - St. Bonaventure's
Tony Jackson (23) - St. John's
"Pickles" Kennedy (19) - Temple

Second Team:

Jack Foley (14) - Holy Cross
John Egan (9) - Providence
Hubie White (8) - Villanova
Bob McNeill (7) - St. Joseph's
Al Butler (5) - Niagara

Our own Jim Browne received 1 vote, probably from the sports editor of St. Anselm's newspaper.

Lou Rossini of N.Y.U. was named coach of this "dream team," with 18 votes. Behind him was Joe Mullaney, Providence mentor, tallying 11 votes. Third in the balloting was Harry Litwach of Temple, 5 votes.

N.Y.U. was selected as the best team in the East, to the surprise of none, with 28 first place elections. They were followed by Providence (14) and St. Bonaventure's (5).

Dartmouth Ruins Debut Of Baseball Knights 10-3

by Dan Hurley

The Purple Knights of St. Michael's College opened their 1960 season as they were defeated by Dartmouth 10-3. Some heavy hitting in the first three innings proved too great a trial for the Knights to overcome.

The Indians from New Hampshire scored early off starting pitcher Tommy Lapine as Roger McArt, who led off and went 5 for 6 including a triple, blooped a single to short center, stole second despite a perfect peg to second by catcher Johnny Whitcomb, and scored on another blooper by Chuck Kaufman.

The roof fell in on Lapine in the second as the Hanovermen scored 4 runs, featured by McArt's triple to the flagpole in center and Jennings' inside the park homer over the right fielder's head.

ERRORS, ERRORS

Errors on the part of the St. Michael's defense helped the Dartmouth cause greatly. But in the long run it was 17 base hits and stout pitching from relief specialist Roger Hanlon, starting his first game, that sank the Knights.

St. Michael's was not overpowered by Hanlon; they hit and at times hit well, but poor baserunning proved fatal to budding rallies on more than one occasion. Dartmouth pulled off a double play when a throw from the catcher caught a man off second, after he was run down, the runner on first tried for second and failed.

TOMASI TRIPLED

St. Michael's got their first run in the fifth as Tomasi pinch-tripled to right and scored on Couture's second hit of the day. The Knights added two more in the eighth on two singles, two wild pitches and an interference play. Dartmouth finished scoring with three in the seventh off reliefer Tony Belanger. Belanger looked good except for control trouble in the seventh when he walked one, threw two wild pitches and gave up a triple.

McArt and Kaufman led Dartmouth at the plate with 8 of the 17 base hits.

Couture and Denny McCarthy had 2 hits each for the Knights, who had 8 hits altogether.

St. Michael's catcher John Whitcomb, who played a good game behind the plate, was injured by a foul tip in the eighth and had to leave the fray. He was replaced by Dave Carmody.

Tennis Tourn. Is In Progress

On May 3 the annual Saint Michael's College Tennis Tournament began. This tournament includes both singles and doubles matches.

In the singles bracket, the top seeded players are George Cronin, Dave Williams, Gordie Ide, and Fred Armstrong. Cronin is a strong favorite to repeat as champion this year. However, he has some tough competition and could be beaten by any contestant in the strong field of 16 players.

In the doubles competition, the two top seeded teams are George Cronin-Fred Armstrong; John Moore-and Dave Williams.

Here Cronin and Armstrong, who are both seeded in the singles matches should take all the marbles. Their task will not be an easy one because the team field is very strong.

In order to win a doubles or singles match, a player or players will have to win 3 out of 5 sets. Though it is early in the season and the courts are not the best, still one will be able to see some very well played tennis on the Hilltop during the next week.

SMC Plays Lowell Tech On Saturday

St. Michael's College baseball squad will meet its first out-of-state foe Saturday, May 7, when the Knights host Lowell Tech at 1 p.m. The game will be one of the highlights of the annual Parents Weekend.

Parents of the Michaelman baseballers will be given the opportunity to see their sons in action. It is the first time in the popular weekend's history that a baseball contest has been incorporated into the two-day festivities.

Coach Ed Markey has selected Tony Belanger to start against the Bay State nine. Belanger is a 6'3" right-hander from *Pittsfield, Mass.* Two other Massachusetts men will be in the St. Michael's lineup against their home state foes. Dan Mahoney, *Worcester,* will be at first base for the Knights. Mahoney also started for the Michaelmen last year. Joe Dudley, a senior from *Lenox, Mass.*, has been a mainstay in the St. Michael's outfield for all three years of his varsity career.

Another highly rated Massachusetts ace will watch the proceedings from the bench due to a shoulder injury. John Whitcomb, sophomore catcher from *Holyoke*, has a sore shoulder. Whitcomb was struck by a foul tip in St. St. Michael's opener against Dartmouth.

St. Michael's has been suffering from defensive woes. Dartmouth defeated the Knights 10-3 and Middlebury tipped them 14-9.

The Knights have not met the Textile Terriers in two seasons but the last meeting was a memorable one. It was in 1957 that veteran Pat Dowd, *Westfield, Mass.*, went 15 innings, fanned 17 batters and earned a one run victory over the Textilers.

Walter Sharis takes a practice swing!

Sharis Takes 1st. In Nat'l. Lions Club Tournament

During Easter Vacation freshman Walt Sharis of Beverly, Mass., travelled to California, to capture the annual Lions' Club Invitational Tournament held at the famed Pebble Beach Golf Club.

Many Pros and Celebraties, including Bob Hope and Bing Crosby, were among the large gally that followed the matches.

Sharis started the match-play by beating Dick Lotch of San Francisco 7-6. Then he proceeded to take Joe Curtin of Virginia and Pat Chamberlain of Oakland, California, 7-6 again. This put Sharis in the semi-finals and in a tough contest he beat Buzzy Bezeedi of San Diago 3-2, to qualify for the finals. Here he took Larry Lee of Spokane, Washington, 3-1.

It was a long hard match on the famous course and the winds made the play even harder. With only five days of practice before the start of the tournament Sharis averaged a 75 to win over 31 of the finest young golfers in America today.
